RBdigital Quick Start – Kindle Fire

Kindle Fire RBdigital Magazines Set Up

You can stream magazines through your Silk browser (see Windows/Mac/Browser handout) with an active internet connection, but in order to view offline, you’ll need to install the RBdigital app for Kindle.

1. Using the Silk browser, navigate to the library’s RBdigital collection via the eResources A-Z list on the website (mesacountylibraries.org).

2. Tap on ‘Create a New Account’ and follow the on-screen prompts.

Install the App and Log In

1. After creating an account, at the very bottom of the screen, find the ‘GET RBdigital Mobile Apps’ section and tap on ‘Kindle Fire’.

2. The Amazon store will open. Deliver the app to your Kindle device.

3. Find the app in your app list and log in using the credentials you created under ‘set up’.

Checking out and Reading Magazines

1. Once you’ve installed the app and logged in, you can browse and check out magazines from the app.

2. Use the search icon in the upper right or tap the menu in the upper-left corner (3 horizontal lines) and tap on ‘Magazines’ for complete list.

3. Select a magazine to check out.

4. Once fully downloaded, the magazine may be read offline. You must stay logged in to the app when you go offline.

   Magazine checkouts are unlimited and there are no due dates! They will take up space on your device, however, if downloaded.

To delete a title:

1. Tap on the app menu in the upper-left corner (3 horizontal lines) and select ‘Checked Out’.

2. Tap the ‘x’ in the upper-right corner of the title you wish to delete.
